

Rotary eClub One Projects

International Project Grants

Below are descriptions of the projects the club has agreed to help fund so far this Rotary year, 2010-2011.

Mongolia: Birthing Centers

The thrust of the project is to provide equipment and instruction to 19 Birthing Centre Hospitals throughout the country of Mongolia to reduce the neonatal and new born death rate from the current 68 deaths per 1,000 births.

Guatamala: Dengue Prevention and Community Education Project

This project will educate people to improve sanitation and reduce areas in which mosquitoes are able to breed. It will also provide insecticide impregnated window curtains to help keep the dengue carrying mosquitoes out of homes.

Denver, Colorado: BrainWise Teaching Teens Thinking Skills

Teaching Teens Thinking Skills Using On-Line Technology – The program offers a “blended learning approach” and reinforces traditional classroom teaching with an online Brain Wise course that assesses the students’ knowledge of thinking skills and helps them correct their mistakes. It targets young people with a history of making poor choices.

Kenya: Remba Island WASH (Water, Sanitation, Health) Water Project

Funds will be used to support the planning phase of a comprehensive, sustainable, long-term solution to a primary water source for Remba Island, a small island in Lake Victoria, Kenya. Project organizers are working with the Water and Sanitation Rotary Action Group (WASRAG).
